Councillors Ferguson and Menard: That H. B. Bailey be requested to collect dog taxes for 1926 on the same terms as last year.

Councillors Brown and Wright: That we advertise lots for sale under the Tax Recovery Act, sale to be held on June 20th—Carried.

LEAGUE BASEBALL STARTS FRIDAY

Baseball fans don't forget that league baseball gets under way this evening, June 26 at 8:15, when Meadowbrook plays at Gleichen, at the same time Arrowood will play at Milo. No new sports turn out and admission is 25¢. A baseball and financial as well as your moral support is needed whenever the games are played. On May 30th Gleichen plays at Queenstown and at the same time Milo will play at Meadowbrook.

EMPIRE DAY SPORTS A GOOD SUCCESS

Gleichen's Annual Empire Day sports on Monday proved to be successful and the weather was ideal throughout.

In the morning the sky was cloudy and the rain fell but gradually the sky cleared up and the weather kept cool throughout the day.

Promptly on time the parade led by the Glee Club started and was received with enthusiasm by the spectators.

Some of the floats were amateur and some were professional and as usual a lot of work in preparation.

Over 500 people paid admission at the gate and there were about a hundred competitors in the various contests, including relay players, etc., along with a large number of small children and Indians the crowd was swelled by several more.

The weather was cool and the sun went in now and then, the attractions at Calgary and Huscar and other towns went and south.

The children's races were held, the children in the athletic and cross races and the Indians as usual were in all their bright colors and put up some very exciting contests.

The Indians were the winners, giving a good quarter of a mile to their nearest. The Indian home-coming was a new feature and ered a lot of fun.

During the afternoon the Gleichen and the Indians with the other regulars of good selection between them.

Time forbade further reports of the day's fun as it is desirable to give list of prize winners.

That night the C-munity Hall was the scene of a very successful meet with the hall being filled to capacity and it was enjoyed it is only necessary to add it was nearly 3 a.m. when the orchestra had given a good performance.

On Tuesday evening the Gleichen and the Indians with the other regulars of good selection between them.

Canada To The Fore

The geographical position of Canada and the United States, unique contracts and native composition, and as a rule, both at home and abroad, these are usually to the detriment of the Dominion. Careful examination will, however, establish the fact that Canada really presents the stronger case.

Some of the most enterprising people are Canadians with a greater area than the adjoining republic, but with less of its population. In fact, they now within an area of a few hundred square miles around and including New York City, a population equal to that of Canada stretching from the Atlantic to the Pacific.

Supervise the great industries of the United States, the enormous accumulations of wealth, the rush and bustle of its many large cities, and the honest assiduity of its people who believe, and do not bestow, the title of "canuck" on the Canadian.

In contrast they see Canada with, comparatively speaking, only a fringe of cities, with only a few of the first rank, not very many multi-millionaires, and the people as a whole, instead of being boastful, rather inclined to be modest.

This is the superficial picture seen by the average person who merely glances at the surface of things and fails to take note of what is much more significant.

Are Canadians shrewd? In the Dominion backward in development compared with the United States? The answer is decidedly in the negative, as a mere haphazard examination of the growth and development of these two nations will easily prove.

Canada today, with its nine or ten millions of people, is conducting as large a foreign trade as the United States did when it had a population of 75,000,000. On a per capita basis the "shrewd" Canadians are doing a very much larger foreign trade.

Canada today is producing more wealth from its miles than the United States did with a population of 38,000,000, and the value of Canadian manufacturers at the present time is equal to the output of the United States factories at the time of the Civil War.

Canada today is equal to \$133 per capita, while in the United States at the present time it is only \$75 per capita.

In war time, Canada in its efforts in the observance of law and order, in the maintenance of proper social conditions in life; it is, in word, in the development of character which alone can make a nation strong and great.

As a result of the growth of the Dominion, the increase of wealth or population, which is so successfully grasping with solving huge problems, whether financial, economic or political, or which is linking quite substantial amounts of wealth together.

The position of Canada is sound. It is strong and growing stronger. It stood the shock of the Great War, and in that tragic struggle it distinguished itself and its people possessed of amazing virility and undreamt of powers and resources.

It took second place to no other country in the contribution to the war effort. It can stand and hold its own in the world, and the world's war problems notwithstanding THE "burden assumed" by the United States was a mere bagatelle to that shouldered by the Dominion.

With the entry of the United States into the war, the Dominion, in United States hands, has lost its chief competitor with respect to the sale of its cities, or industries, or wealth accumulations? Canada may not at present have many more cities, but it can boast of something infinitely better, namely, in all the go-ahead, more modern, present a more even distribution of wealth among its people.

Furthermore, it is doubtful if any other country today is so steadily and permanently improving its position, and where the people as a whole are making progress in all things which make life more cheerful following the aftermath of the war.

With the entry of the United States into the war, the Dominion, self-sacrifice. They have every reason and justification for such an attitude towards life and the world.

Vacation Not Taken For Pleasure

In China and India many persons devote their vacation period to performing religious rites and are not recognized as vacationists. The same holds true in a measure in Japan and to some extent in Germany. It is only the Occidental countries which plainly make vacation a period of pleasure.

Hudson Hall Closed To Public

The historic Hudson Hall has been closed to the public for a period of time. The reason reported is that the building is to be demolished.

It is questionable as to whether it will ever be reopened again, as it is the home of Ruthland intended to take up residence there as soon as possible. The new residence, however, has not been completed. This will probably be in 1927.

Most men have an aim in life but lack ammunition.

Has Realized Expectations

Insulin Has Done All That Dr. Banting Hoped For

According to the State Medical Society on "The Medical Problems of the Long-Continued Diabetes Insulin." Dr. J. R. Williams, of Rochester, said that the high expectations held by the diabetes experts in this country were met and that the apprehensions felt by some as to ultimate ill-effects from its use had proved groundless. In other special cases is it a cure for diabetes, does insulin have a place in the medical field, to live on and on and on comfortably?

Dr. Banting, the Canadian to whom the world owes the utilization of this pancreatic extract, is to be counted as one of the great benefactors—a true legacy to memory. One of the main causes of the success of insulin is the avoidance of animal experimentation, intelligently conducted.—*New York Times*.

Chinese Actors Admitted

Included in the number of Chinese admitted to Canada during 1925 were eight who followed the stage as a profession. The Chinese actors, however, did not receive the same recognition as did the Chinese who came to Canada as second place among the countries of the world in the value of exports per capita, as against seventh place in 1912.

A BLEMISHED SKIN

Cannot Be Reversed by Salves and Ointments

Irritating sores, eczema, salt rash and other skin disorders are often caused by the use of soaps, detergents, cosmetics, creams, salts, rinses, dressings, oils, stocks, stockings, sweaters, drapery, linens, hats, gloves, stockings — everything!

How to get rid of these blemishes? The best way is to remove them by purifying and enriching the blood. The best way is to take a good diet, exercise, and a good rest.

Trade Affected By Budget

Five and Sixty Billion Worth of Trade Underpinning Protection

Official trade returns indicate that although there is a general downward trend of trade, there is a marked increase in the value of trade underpinning in recent years.

The value of the budget for 1925-26 was \$1,350,000,000. This was for the fiscal year ending March 31, 1925.

Saskatchewan Has Most Horses

Saskatchewan now owns approximately 1,000,000 horses, while Alberta has 1,189,533 in a total of 3,254,641. Alberta, comes in second to Saskatchewan, while Manitoba has 513,000, and Saskatchewan has 2,249,729 head of horses.

The prairie provinces have an average of 1,200,000 horses per capita, while the Dominion has an average of about eight horses per capita.

M.D. MEETING(Continued from page 1)
would set aside a like amount to be spent according to the plans and specifications of the market road board.

On behalf of the market road board the reeve was authorized to sign the agreement.

Coun. Dunstan: That the accounts and paybooks as o.k'd by the Finance Committee be passed and ordered paid.—Carried.

A letter was read from Mr. W. D. Spence, District Minister of the Department of Municipal Affairs, stating that the Assessment Equalization Board had set our total assessment at \$3,720,660.00, and that the rate for supplementary assessment for the year would be 2 mills on the dollar.

Reeve Thorsen: That the assessment as revised be confirmed.—Carried.

A detailed statement of the expenditure for the current year was then placed before the Council and the rate required to meet the same carefully discussed.

Coun. Dunstan: Whereas, it is estimated that the sum of \$34,622.00 will be required to meet the expenditure for the current year, and,

Whereas the assessed value of all land within the Municipality as set by the Assessment Equalization Board amounts to \$3,720,660.00.

Therefore, it is resolved and it is hereby resolved that the Secretary-Treasurer be and is hereby authorized to levy and collect a rate of six mills on the dollar for municipal purposes and two mills on the dollar for supplementary assessment purposes on all assessable property within this Municipality; three mills on the dollar on all those assessable lands not included in any organized school district, one dimensional mill and ten mills on the dollar as a wild lands tax on all those lands that are subject to that tax.—Carried.

Coun. Elder: Whereas it is necessary to provide funds to meet the demands of the various non-collecting school districts, and while this difficulty has not been fully resolved and it is hereby resolved that the secretary-treasurer of this Municipality and is hereby authorized to levy and collect a rate of one dimensional mill on all school districts noted below and to collect the amounts produced thereby, the following rates:

Grange school district 8 mills.

Crescent school district 7 mills.

Elwood school district 8 mills.

Hammond school district 7 mills.

James A. school district 6 mills.

Long Beach school district 9 mills.

Living Spring school district 6 mills.

Maywood Grass school district 0 mills.

Pleasants school district 10 mills.

Piney Land school district 3 mills.

South Valley school district 8 mills.

Shamrock school district 4 mills.

Towers school district 15 mills.

Wheatfield school district 11 mills.

Wheat school district 11 mills.—Carried.

Coun. Dunstan: That the secretary-treasurer be and is hereby authorized to levy and collect a tax on each acre exceeding fifty dollars.—Carried.

Coun. Dunstan: That we approve of the following estimates via:

Division 1 \$288,000.

Division 2 \$185,00.

Division 4 \$221,00.

Division 5 \$167,50.

Division 6 \$216,00.

—Carried.

Coun. Elder: That we renew our subscription to the Official Gazette.—Carried.

The tenders received for the construction of that part of the market road to be undertaken this year were next read.

The secretary reported only one tender having been received and was authorized to open and read the same. This tender stated that the tenderer, Mr. H. L. Muir, would be ready to undertake and complete the work as per, Mr. H. L. Muir, was prepared to sum of approximately \$2,650.00 and had tendered in a deposit of \$100 as required.

The Council were unanimous in their opinion that the tender was too high and the tender was rejected.

The secretary at once returned the deposit handed in by Mr. Muir.

Coun. D. T. That the market road commissioners be authorized to have the work on the eight miles of market road performed provided that the tenderer will not charge more than the sum of \$2,275.—Carried.

Coun. Elder: That the road commissioners be authorized to have the new framework for use on the new road.
